Best Games Choose from our list of the top gaming sites and find the best games for everyone. It is all about short descriptions and having fun. Its all about games. Today we take a look at some games that use retro graphics and look better than most games today. Sort of like the Flashback series, these games use some of the graphics of older games but the new graphics are an improvement. So lets check them out! One of the best HTML5 games that is free to play and has some of the best graphics of any such game. Remember we say graphics and not gameplay. The graphics are not something that you should expect to play for a full hour or more. An update, the drop rate has been increased and player's are getting the golden keys more often then they did in the past. So theres hope, but it will have to wait for the next update. So far the game looks better than the last update and they are making changes to make it better. Since the last update, the free version has been improved. There are now no limits to the amount of keys that are generated per hour. They even tried to lower the number of keys required by a single action. Good job guys. Improved controls and graphics make a good game even better. It also has a higher drop rate, so you can download and play it for a long time. It makes it more worth while than the original, and has actually gotten higher in our ratings. New in version 3, you have the ability to get keys by actions than you have previously. Your goal is to mak
