For you, the word "destroyed" in the sentence "After all, you killed my parents! ..." is already a curse? Look at you, bunny! For me? Too late. I won't raise, I don't love anymore. It is you who love yourself, and you love the one who considers himself a child killer. So do not even hope that I will support you in this topic. That you are offended, dear sir, they tell you in plain text. And you, be kind, learn to express your opinion! Dear Spider-Man, I'm not exaggerating at all. I believe that you are a complete disappointment, which as a person has degraded during your stay on the forum. You primitively troll and bunch with fics. Moreover, for you it is only interesting to find a victim, make attacks against her and present all this in the best possible way. You, as I see it, will soon switch to screaming. My character is not so complex as to spit poison at everyone. But I don't know life as well as you do, so I understand that aggressive behavior can only be sustained by staying on the floor. And I understand you perfectly. I have to reverse the same situation. Only where I am "above" is also a monkey. But what about those with whom you disagree? What do you need to not be here? People are so different, not everyone is like you. I can't find any other expression. Yes, you know... Nobody chooses you. You will be one among a thousand. You are so stupid that you do not understand what a rating is. Even if you can kick and ridicule old users for 20 years, you will have nothing. The level of irrelevant-old users does not allow you to play due to age, knowledge and skills. Get used to one level, not ten. Otherwise, you will never understand who you are. This level is acceptable for an accomplished artist. For a completely alternative, nothing will change. Please register to comment. Visit our social media pages!
