

Acrord32.exe Bad Image The Application Or Dll

c:\windows\system32\credssp.dll is either not designed to run on Windows or contains an error. I tried uninstalling the app by clearing the . c:\windows\system32\credssp.dll is either not designed to run on Windows or contains an error. I tried to uninstall the application by clearing the C:\Windows\SysWOW64\Credssp.dll folder but to no avail. I also tried installing this DLL elsewhere but that didn't help. How can I fix this I'm trying to use the windows registry editing tool but can't find it. This was possible in Windows Vista or previous versions of Windows. This is because I'm using Windows 10.
