What's New in the IntelliPDF BATES PRO?

You need IntelliPDF BATES Pro because we asked ourselves what would happen if we set the standard for PDF standards to be something other than what it is now: unreadable, inaccessible, too hard for consumers to use. What if we created a software that really allowed companies to be able to offer their customers PDF documents that actually worked in their everyday lives? We've done it, and this is what you need to do it, too. IntelliPDF BATES Pro lets you brand your PDF documents using real fonts, and not just WOFF. It's not just about conversion, but about transformation. You're no longer stuck with what's inside your digital document. You can go back, put in a logo, a headline, even a watermark, and apply it to your PDF. Truly universal, IntelliPDF BATES Pro can take any type of PDF -- scanned documents, e-books, articles, reports, even scanned drawings -- convert it, then brand it with whatever you want. You can put in a logo, headline, watermark, and put together a shopping cart in our template functionality as well. Beyond branding, IntelliPDF BATES Pro lets you add contact information, allow your customers to download your PDF, let them search your document inside the app, and even change the text in your

document, be it in English, Spanish, French, German or whatever language you chose. All in all, it's about getting PDFs to go from the digital wild into real, usable documents with a wide-range of marketing and functional applications. How to Install IntelliPDF BATES PRO: 1. Unzip and install IntelliPDF BATES PRO. 2. Copy all files located in the program into the same folder or, if you prefer, customize the folders and make them named and placed as you prefer. 3. Run the program and open the program's icon. 4. Go to where the PDF documents are located, right-click the PDFs, and select Set as Starting Point. 5. Go to the Documents tab and Create new PDF with. 6. Launch the templates PDF (see above). 7. Select any template you like, customize it as you like and click to apply. 8. Select a document you like and click to apply. 9. You're done! You can download all templates you need for free.
