Outlook Duplicates Cleaner was developed to check Outlook duplicates by date, subject, and body. If a message is selected for deleting, Outlook Duplicates Cleaner will delete the selected message and also output a log file that lists the names and titles of all messages matching the criteria. Outlook Duplicates Cleaner is not limited to only your Outlook, it works on all email clients that are integrated with Microsoft Outlook, and supports multiple email accounts. The software doesn't slow down your Outlook and make Outlook run like a dream. Outlook Duplicates Cleaner looks back over the most recent 60 days of your Outlook data, identifying all the messages that match the selected criteria and allowing you to select the ones that you'd like to permanently delete. This is achieved by printing or saving a report listing the messages to a file on your computer, and then choosing to permanently delete the selected messages. Outlook Duplicates Cleaner can also temporarily move the deleted messages to a backup folder. Processing and saving a batch file is user-friendly, and there's a dialog box to show details of the messages being processed. Outlook Duplicates Cleaner will delete messages that are duplicated within a single message or from multiple messages in any folder. You can select one or more folders, and Outlook Duplicates Cleaner will search through all messages in all folders. Outlook Duplicates Cleaner can also open the Outlook data file directly, displaying the messages in all folders, allowing you to select which messages are duplicates and which are not. Outlook Duplicates Cleaner supports multiple email accounts and accounts for Exchange Server, Outlook / Windows Mail, Notes and other 3rd-party email clients. Outlook Duplicates Cleaner allows you to check for duplicate messages (of any type) Outlook Duplicates Cleaner is the one solution that can view and remove every message that is duplicated. Outlook Duplicates Cleaner supports full text search and complex pattern matching. You can limit the search to selected mailbox or contact. You can search messages by any text field, including Subject, Body, To/From/Cc/Bcc and more. Key Features: ✓ Possibility to view and remove duplicate Outlook messages ✓ Possibility to export the list of duplicate messages in CSV format ✓ Possibility to find and remove duplicate messages by date, subject or body ✓ Option to view duplicate messages in different folders ✓ Checking of duplicate messages in one or more folders ✓ Option to
